INDEPENDENT AUDITORS' REPORT

City Council
City of Brooksville, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Brooksville, Florida, (the "City") as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective net position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2014, and the respective changes in net position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The combining and individual fund statements and schedules and the schedule of expenditures of federal awards are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

The City of Brooksville's (the "City") management discussion and analysis is intended to provide a narrative introduction to the basic financial statements and an analytical overview of the City's financial activities for the fiscal year ending September 30, 2014.

FINANCIAL HIGHLIGHTS

- The assets of the City of Brooksville exceeded its liabilities at September 30, 2014 by \$46,621,823 (net position) and increased \$2,747,180. Of this amount, \$3,457,305 of unrestricted net position may be used to meet the City's ongoing obligations to citizens and creditors.
- As of September 30, 2014, the City of Brooksville's governmental funds reported combining ending fund balances of \$5,508,750 which increased \$346,468 from the previous fiscal year.
- General Fund expenditures and transfers out came in under final budget projections by \$267,004. General Fund expenditures excluding transfers out are up from September 30, 2013 by \$356,664. The major differences are that wages and benefit cost increased.
- Utility Fund cash and cash equivalents increased from \$2,938,838 at the beginning of the fiscal year to \$6,638,427 at the end of the fiscal year. The primary reason for the increase is due to the Crescent Resources litigation settlement. Total capital expenditures for the fiscal year were \$143,309. Of the \$6,638,427 cash and cash equivalents, \$865,501 is unrestricted.
- The cash and cash equivalents for the Sanitation Fund increased from \$470,484 at the beginning of the fiscal year to \$600,350 at the end of the fiscal year. The Sanitation Fund did not purchased equipment in the 2014 fiscal year which accounted for the increase in cash equivalents.
- Total net position of the Pension Trust Funds (Police and Fire) increased by \$1,128,348. Net position of the two plans was \$10,897,906. This compares to \$9,769,559 for fiscal year ending September 30, 2013. The improvement in the equities market during September 30, 2014 improved our pension reserves considerably after the earlier serious economic downturn.
- City adopted an electric and propane Public Service Tax effective January 1, 2004. In the 2013-2014 fiscal year the tax brought in \$790,581 in revenues. This is an increase of \$48,525 from the previous fiscal year.
- The City of Brooksville complied with the maximum millage levy allowed by Florida Department of Revenue Chapter 2007-321. The City's millage in 2014 was set at 6.7317 mills. The millage rate was 6.6000 in 2013.
- On April 28, 2011, the City Council approved the Guaranteed Energy Savings Performance Contract with Energy Systems (ESG). The City with ESG designed projects that are guaranteed to generate energy and operational savings. These energy projects are guaranteed by ESG to generate enough savings to offset the loan payments. The projects selected are City Hall and Public Works HVAC, City Hall roof, Public Works and Walking Trail Lighting, and radio-read meter change out. Through SunTrust, the City issued debt on May 20, 2011 in the amount of \$3,333,022 entitled "City of Brooksville, Florida Capital Improvement Revenue Note, Series 2011, and Financing Energy Performance Projects." The radio read meter project started in the summer of 2011 and was completed in October 2011. At the close of the fiscal year ending September 30, 2012, all the original projects were completed. The remaining energy project that was added by City Council is the City

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

- Police Station HVAC budgeted for \$133,056 in the fiscal year 2012/2013 budget and was completed in fiscal year ending September 30, 2013.
- The City's Sanitation Division purchased in 2013-2014 a 2014 Isuzu Chassis street sweeper at a cost of \$177,150. In addition, they purchased a 2014 Ford F-550 container truck at a cost of \$63,207. The monies for both vehicles came out of the Sanitation Vehicle Replacement Fund 502 reserves.
- Funding through the City's General Fund Vehicle Replacement Fund purchased one 2013 Dodge Charger police cars costing \$35,202. In addition, the City purchased a 2014 Dodge Charger for \$30,067 from the Federal Edward Byrne Memorial JAG Program Grant (Patrol Vehicle Program).
- The City's Multi-Capital Fund (a Capital Projects Fund) provided the funding and capitalized the Early Road Project at a cost of \$36,740 and the Sharon Street at a cost of \$8,129.

CITY HIGHLIGHTS

- The City adopted a special fire assessment for the fiscal year 2012/2013 budget year. The revenue from the assessment for the year ending September 30, 2014 is \$542,617. The Fire Department Fund was created and moved from General Fund. The City's Fire Department is funded via the special assessment and a transfer from General Fund.
- The City's past annexations envisioned substantial growth; and with the world-wide economic crisis behind us, we see growth in our future. Southern Hills Plantation has plans for 1,163 residences in a gated golf community. In 2009, Hampton Ridge Developers (developer for Southern Hills Plantation) filed for bankruptcy reorganization. On October 25, 2010 Hampton Ridge Developers sold the Southern Hills Development to Greenpointe Communities, LLC and subsidiaries. The sale included the golf club, the amenity center, the platted lots not owned by private individuals, and the undeveloped parcels outside of the Southern Hills Plantation development.
- In fiscal year 2013-2014 twenty two (22) single family residential permit was issued in the Southern Hills Plantation. The value of the new home totaled \$6,525,920. In fiscal year 2012-2013, seven single family residential permits were issued in Southern Hills with a total valuation of \$2,500,260.
- Cascades at Southern Hills retirement development had plans to build out to 925 units. On November 9, 2007 Levitt & Sons Hernando County, LLC filed Chapter 11 Bankruptcy. Levitt & Sons were developing Cascades at Southern Hills. On October 31, 2009 this property was purchased by a development company with corporate names listed known as CASHP1, 2 & 3LLC's. There were no single family home permits issued in the Cascades during October 1, 2012 through September 30, 2013 or during the period October 1, 2013 through September 30, 2014.
- Majestic Oaks near the Brooksville County Club is proposing 900 units.
- In fiscal year 2013-2014, outside of the Southern Hills/Cascades development area there was one (1) single family residential homes permitted within the City with a total construction cost of \$205,860. In 2012-2013, there was one single family residence permit issued outside of Southern Hills valued at \$202,785.
- The old Brooksville Regional Hospital Facility was renovated into "The Grande" which is an adult living facility with 170 units which are leased. In fiscal year 2010, commercial renovations to the old hospital building were originally completed to provide 60,000 square feet of commercial space and the project was called Oaks Towne Centre. Due to the economic climate and the fact the residential portion of The Grande was at full capacity; the project owner of the commercial space elected to convert said commercial space (Oaks Towne Centre) into 95

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

additional residential units (Grande Phase II). The work to convert the commercial space into 95 residential units at a cost of \$1,100,000 was completed in late 2012.

- In fiscal year 2013-2014 we had a good year in commercial permit activity. Total commercial permit activity was \$3,397,692. The major new construction and remodeling amounted to \$2,488,607. The major projects completed were Popeye's, Sears Outlet and The One Room Schoolhouse. The major remodeling project were Aaron's Rentals, Applebee's, Anytime Fitness, Benes Beauty School, American Gun & Pawn, Candlelight Wellness and 14 interiors completed at Southern Pines Condominiums. In fiscal year 2012-2013 total commercial permits were \$1,440,347. We had an increase in total commercial permit over last year of \$1,957,345.
- In 2006, the City took back the Building Division services function that was being provided by Hernando County. The City hired PDCS, LLC as the contractual company to handle the building inspections and the building permits activity for the City.

USING THIS ANNUAL REPORT

The financial statements focus is on both the City as a whole (government-wide) and on the major individual funds. In this audit report, the financial statements are presented in compliance with pronouncement 34 of the Governmental Accounting Standards Board (GASB 34). The City's basic financial statements are comprised of three components: (1) government wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the City's finances, in a manner similar to private-sector statements. The focus is on major funds, rather than fund types.

The Statement of Net Position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. The focus of the Statement of Net Position (the "unrestricted net position") is designed to be similar to bottom line results for the City and its governmental and business-type activities. This statement combines and consolidates governmental fund current resources (short-term spendable resources) with capital assets and long-term obligations. Over time, the increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year, focusing on both the gross and net costs of various activities, both governmental and business-type, that are supported by the governmental general taxes and other revenues. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, streets, parks and recreation, and transportation for vehicle maintenance and vehicle replacement. The business-type activities of the City consist of the water, sewer, and sanitation services. The business type activities reflect a private sector type of operation where a fee for services covers the cost of operation.

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

The government-wide financial statements include the City of Brooksville (the primary government) and the component unit, Brooksville Community Redevelopment Agency. The City formed the Brooksville Fire District, but the District was dissolved in 2012.

The government-wide financial statements can be found on pages 20-21 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over the resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The financial transactions of the City are recorded in individual funds and each fund has a self-balancing set of accounts. All of the funds of the City can be divided into three categories: governmental, proprietary, and fiduciary. Traditional users of governmental financial statements will find the fund financial statements presentation more familiar.

The City maintains multiple funds; however certain funds are combined for presentation purpose as presented in these financial statements. Information is presented separately in the Balance Sheet and in the Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, the Brooksville Community Redevelopment Agency, the Fire Department Fund, the Traffic Camera Fund, the Utility Fund, and the Sanitation Fund, which are considered to be major funds. Data from the nonmajor governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in this report, immediately following the notes to the financial statements.

The City adopts an annual appropriated budget for its General Fund and other governmental funds. Budgetary comparison statements have been provided for these funds to demonstrate compliance with the budget and are presented as required supplemental information.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial focus is on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements. The General Fund is the chief operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The basic governmental fund financial statements can be found on pages 22-25 of this report.

Proprietary funds. The City maintains two proprietary fund types. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer, and sanitation services. Internal service funds are an accounting device used to accumulate and allocate costs

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

internally among a government's various functions. The City utilizes internal service funds for its fleet maintenance operations, vehicle replacement, and equipment replacement. Services accounted for in the internal service fund predominately benefit governmental rather than business-type functions, it has been allocated between the governmental activities and the business-type activities in the government-wide financial statements.

The proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements can be found on pages 26-30 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The five fiduciary funds are Butterweck Bond Fund, HRA Fund, Payroll, Police Retirement and the Firefighters' Retirement.

The basic fiduciary fund financial statements can be found on pages 31-32 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes can be found on pages 33-72 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information concerning budgetary comparisons and the City's progress in its obligation to provide pension benefits to its employees. Combining and individual fund statements can be found on pages 73-117 of this report. The schedule of changes in net pension liability and related ratios, investment returns, funding progress and contributions of the pension trust funds can be found on pages 77-84 of this report.

ECONOMIC FACTORS

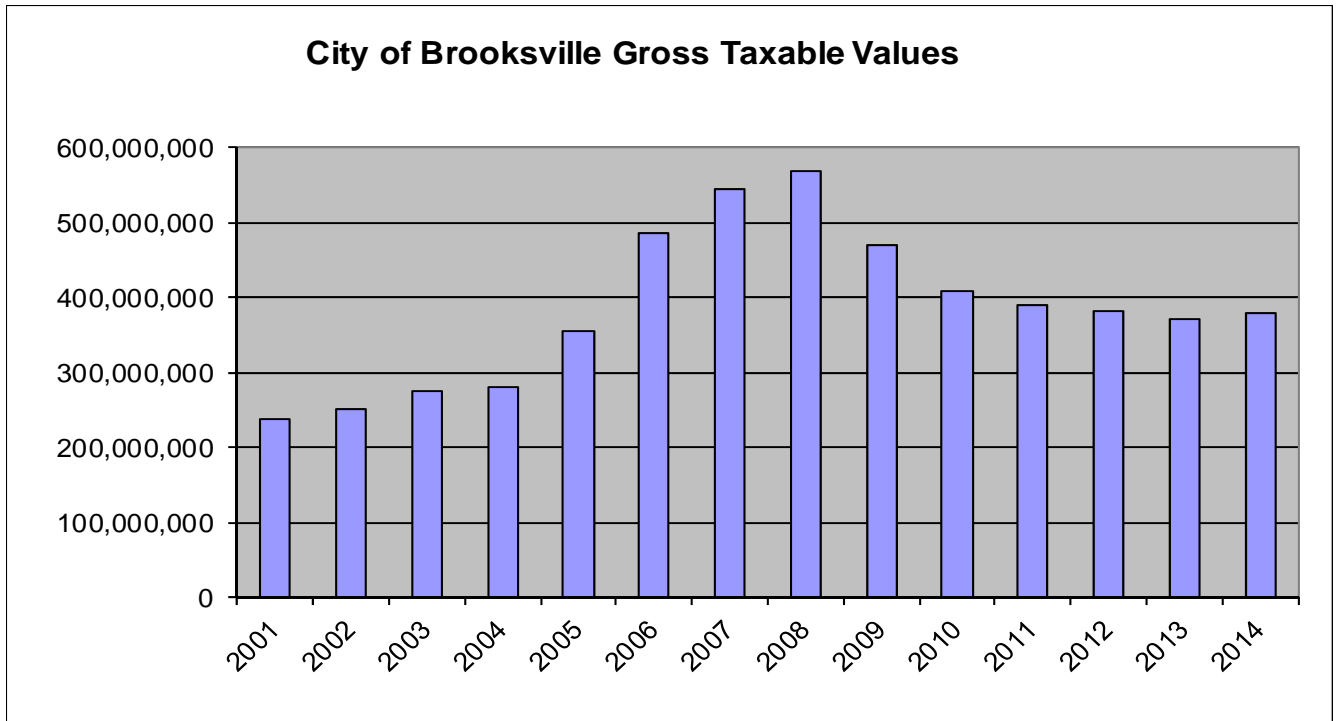

The City of Brooksville, the County Seat of Hernando County, has experienced a period of growth over the last decade. The Greater Tampa metropolitan area is expanding northward, due in part to limited available land for development in the southern regions and the completion of the Suncoast Parkway toll road which links Tampa with the northern counties of Pasco, Hernando, and Citrus. As a result, new development is taking interest in Brooksville because of its ideal proximity to Tampa (50 miles), Orlando (55 miles), and Ocala (60 miles).

The annual estimates for the population of Brooksville were identified as being 7,643 which was used in the fiscal year 2013-2014 State Revenue Sharing calculations. The City of Brooksville's Community Development Department estimates that the City will experience growth in population of 14.3% over the next 10 years. This estimate is based on the 2010 U.S. Census and the growth in the last decade within the City.

Although, the official data from the Hernando County Property Appraisers for 2015 is not yet available it is expected that the City's taxable values may increase. In the 2014 Tax Year the current year gross taxable value is \$381,361,875. In the 2013 Tax Year the current year gross taxable values for operating purposes were \$371,205,008. This is an increase in taxable values of \$10,156,867 and a 1.3% increase in values in one year. In 2008, the final gross taxable values

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

were \$568,431,915 (the highest in the City's history); this is a decline of \$187,070,040 from 2008 to 2014 and over a 32.9% loss in values in that period. At the 2014 millage rate of 6.6962 mills, the decline of \$187,070,040 represents a decrease in annual Ad Valorem revenues of approximately \$1,190,025 (at 95%) in the span from the high in 2008 to 2014. This has been a challenge for many Florida cities as their property values drop. However, we believe that the City of Brooksville property values for 2015-16 will start to increase after the 5 year decline. Values are increasing; the City's has increased new single family home permits. The Chart below shows the City's gross taxable values from 2001 to 2014.

Hernando County's unemployment stood at 7.6% in December 2013 was down from 9.4% one year ago. It is also higher than the state rate of 6.1% and the 6.7% national rate. The highest unemployment rate in Hernando County in the last 20 years was 15.4% recorded in November 2010. The halt in residential and commercial construction hit the County hard. As an indicator, the City in 06-07 collected \$183,685 in Building permits. In 07-08 the City collected \$128,932 in Building permits; and in 08-09 the City collected 123,831—a 33% decline from 06-07. In 2009-2010, the City collected \$112,109 Building permits revenues and in 2010-2011 the City collected \$95,835. In 2011-2012 the City collected \$97,583 building permits revenues. In 2012-2013, the City collected \$97,211 building permit revenues and \$161,342 in FY 2013-2014.

Amendment One passed by Florida voters in January 2008 raised the homestead from \$25,000 to \$50,000. The Amendment included a Save Our Homes portability feature of up to \$500,000. It created a \$25,000 exemption for all tangible personal property and provided a 10% annual assessment limitation cap for non-homestead real property. The City must adjust to these new factors mandated by the voters. The City is again experiencing a very likely decrease in property values due to the economic downturn and the added \$25,000 exemption as a result of Amendment One.

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

Approximately nine years ago, the City increased in size from approximately 5 square miles to approximately 10.68 square miles through voluntary annexations. These annexations increased the acreage of taxable property within City boundaries. The City is also helping improve the taxable property base by encouraging high quality development and redevelopment. Both of these measures should increase the City's future revenue streams that will assist economically for decades to come. The recent economic downturn has impacted the timing of the future revenue streams, however we believe in several years the economic cycle will improve and growth at a sustainable rate will begin again. Nationally franchised retail chains are noticing Brooksville's changing demographics and have moved to the area. To assist in promoting business, the City Council repealed the City Occupational Business License Tax in 2008 and maintaining a low millage of 6.6962 mills.

The list of national retailers who are in the City includes Wal-Mart, Sears Outlet, Lowe's Home Improvement, Tractor Supply, Applebee's, Dunkin Donuts and Baskin Robbins, McDonalds, Wendy's, Popeye's, CVS, and Walgreen's. Countless other established retailers and small local businesses continue to do business in our City. In 2009, Beef O' Brady's Restaurant was a new addition to the City and an Express Lube was completed on Cortez Boulevard. In 2009-2010 LRE Ground Services purchased the former Grubbs property on South Main Street for their operations. Completed in 2013 is the \$640,000 new O'Reilly Auto Parts on South Broad, Also, the renovation of the Old Brooksville Regional Hospital to The Grande (originally 75 assisted living units) which has turned a vacant building to a beautiful asset to the City. Due to the economic climate and the fact that the residential portion of The Grande is at full capacity; the project owner of the commercial space elected to convert the commercial space into 95 additional residential units. The Grande Phase II has been completed with the construction value of \$1,100,000.

The City is also being proactive in how it will accommodate new growth by planning in advance to upgrade City facilities. In particular, the City is currently making improvements to its water and sewer transmission lines so that existing and future customers can take advantage of the highest quality services. The City has also established a private-public partnership venture to expand its wastewater treatment facility, which will provide reuse water for irrigation purposes. The Developer and the City made a direct purchase of equipment for the Wastewater Treatment Plant and stored the equipment until actual construction begins. There was a delay in the construction due to the bankruptcy of the Developer. However, the City was able to settle its lawsuit with the bonding companies and proceeded with the planned improvements to their Cobb Road Water Reclamation Facility. The re-use component of our Cobb Road Waste Reclamation Facility will be a huge asset to the City and her residents for years to come. In addition to infrastructure improvements, the City is expanding and improving public areas like parks and landscaped right-of-ways so as to create an ideal environment for people to live, work and play.

Prominent businessman Dr. Dennis Wilfong is serving as Brooksville's Ambassador of Commerce and Employment to promote business and development in the City and Hernando County. Working with Dr. Wilfong is Mrs. Michael Heard who serves as the President/Festival Coordinator of the Florida Blueberry Festival which is now 4 years old. It was estimated that the inaugural festive brought upwards of 45,000 to 50,000 visitors to Brooksville. Hernando County Commissioner Dave Russell was quoted in the January 31, 2013 *Hernando Today* that the Brooksville Blueberry Festival is a priority because it attracts tourists and it raises the County's profile. This is part of the proactive approach of the City Council and the City Manager to encourage growth and promote our beautiful City along with being the county governmental seat.

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

The City is also taking on significant "green initiatives" by retrofitting lighting in City facilities to save electricity (and taxpayer dollars). On April 12, 2011, the City Council approved the Guaranteed Energy Savings Performance Contract. Council approved the conservation measures projects to move forward to be completed through the guaranteed energy Savings Performance contract. The selected conservation projects totaling \$3,333,022 are the City Hall HVAC, City Hall roof, Public Works HVAC, Public Works lighting, walking trail lighting, and radio-read water meter replacement. Those projects were completed and the remaining dollars were utilized for the City Police HVAC which was added to the fiscal year 2012-2013 Budget. Also, the City has partnered with the Brooksville Wal-Mart Distribution center to provide curbside recycling to City residents which began September 2, 2009. A recycling truck was purchased in 2011-2012 by our Sanitation Fund. There is no charge to the City residents for this program. The growth has slowed, but the City is optimistic that growth will come back with a City that offers many amenities to her residents. The following tables highlight some of the noteworthy development activities that have been planned in and around the City of Brooksville:

MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

THE CITY AS A WHOLE

The City's combined net position as of September 30, 2014 was \$46,621,823. Table 1 below reflects the condensed Statement of Net Position for the last two years.

The largest portion of the City's net position (74.3%) are its investment in capital assets such as land, buildings, and machinery and equipment, less the outstanding debt used to acquire those assets. The City uses these assets to provide services to citizens; consequently these assets are not available for future spending. It is also important to recognize that other resources will be required to repay the outstanding debt on capital assets.

Restricted net position, representing (18.3%) of total net position, are based on Government Accounting Standards Board Statement No. 54 for Governmental Activities. The restricted for business type activities is external restrictions on how the funds may be used. The remaining (7.4%) are unrestricted net position. The unrestricted net position total \$3,457,305 which may be used to meet the City's ongoing obligations to citizens and creditors. The City's overall financial position continues to be healthy.

City of Brooksville Net Position

Table 2 below is the condensed change in net position for the fiscal year ended September 30, 2014. This schedule compares the revenues and expenses for the primary government for the current and previous fiscal years.

Table 2 shows us the cost of governmental expense activities this fiscal year was \$9,694,465 going down 8.9% from last year. The City's total governmental activities revenues decreased \$310,520 due to the charges for services and other taxes. Property tax collections went up by \$121,976. Table 2 shows the cost of Business-type expense activities was \$5,037,744 (increase of .5% over last year). The Business-type accounts revenues increased from 2013 to 2014 by \$3,629,239; this was due to the increase of settlement, miscellaneous revenue, charges for services and investment earnings of \$3,761,858 and interfund transfers increased by \$5,387. Business-type charges for services increased by 4.7%.

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

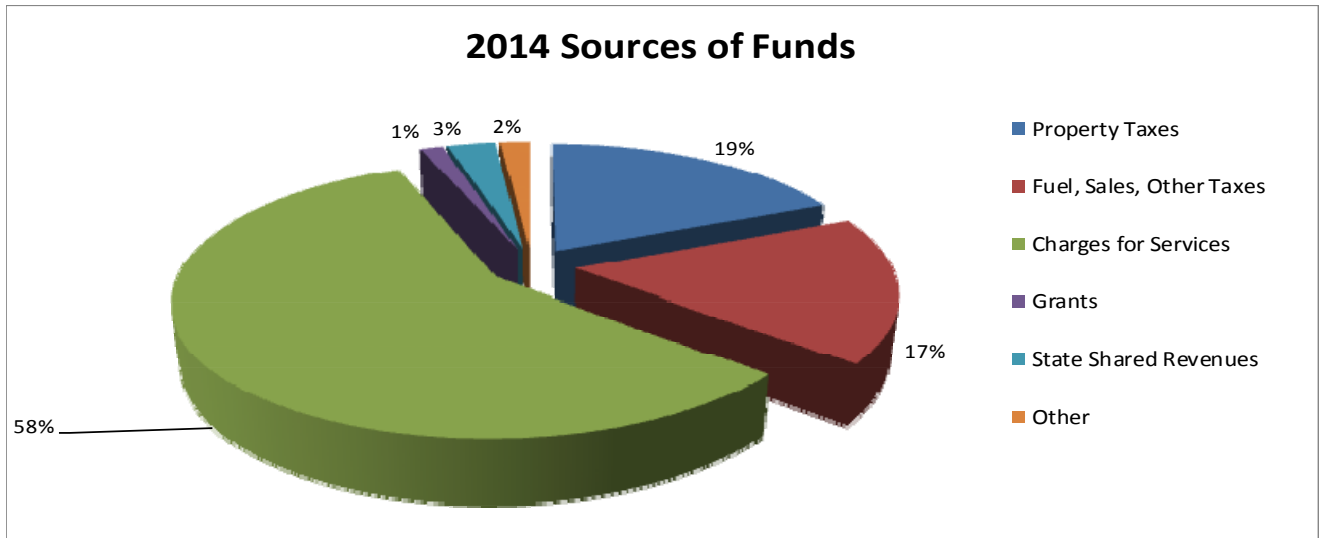

On Table 2, the total primary government expenses were \$14,732,209. There was a decrease from the previous year by \$924,230. Total primary government revenues were up by \$3,318,565. Capital Grants and Contributions totaled \$31,853 which was down by \$124,356 mainly because of the Grant from the CDBG Grant in 2013. Taxes brought in to the City totaled \$5,414,266.

Change in Net Position	(19,841)	(656,686)	2,767,021	(839,083)	2,747,180	(1,495,769)
Net Position, Beginning of Year	14,809,239	15,465,925	29,065,404	29,904,487	43,874,643	45,370,412
Net Position, End of Year	\$ 14,789,398	\$ 14,809,239	\$ 31,832,425	\$ 29,065,404	\$ 46,621,823	\$ 43,874,643

The pie chart below shows the 2014 Sources of Funds Government-wide with the data obtained from Table 2 above. Charges for Services provide 32% of our Revenues. Property taxes provide 27% and Fuel, Sales, and Other Taxes provide 25%. State Shared Revenues and miscellaneous provide 14%. Grants this year provided 2% of the City's revenues. The dependence on revenues, such as sales and use taxes and state revenue sharing limits the City's ability to change or improve revenue streams as part of managing resources. Also, the dependence on property taxes and State revenues create issues if the City's property values drop and if the State revenue collections drop due to the economic downturn. A bright spot is the long economic downturn appears to be over and in the future our property values will likely rise giving us higher ad valorem tax revenues.

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

The City's Funds

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

Governmental funds are comprised of the general fund, special revenue funds, debt service funds, permanent funds and capital projects funds. Governmental funds use the current financial resources measurement focus that provides information on the near-term inflows, outflows and balances of spendable resources. See page 20 which begins the governmental funds detail.

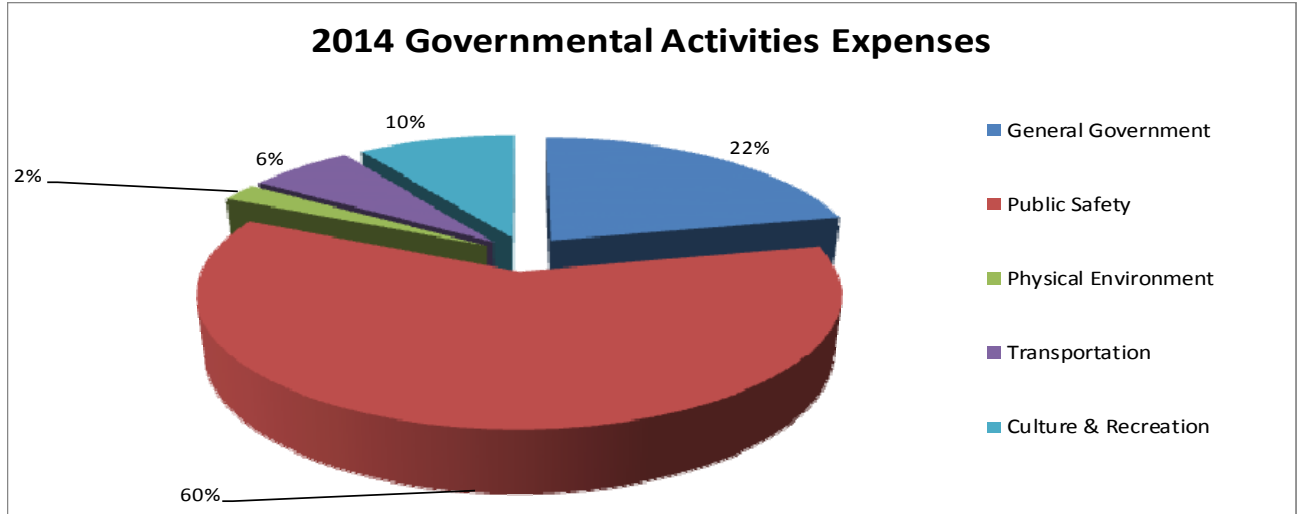

There are four major funds in the governmental fund group. The four major funds are the General Fund, Brooksville Community Redevelopment Agency, Traffic Camera Fund and Fire Department Fund. To determine a major fund, GASB 34 requires a two-step process based on 10% and 5% criteria. The General Fund is the chief operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund. At the end of the fiscal year, the fund balance of the General Fund was \$1,208,874. The fund balance increased from the previous year in the amount of \$173,234.

The Brooksville Community Redevelopment Agency (CRA) is considered a major fund based on Section 163.387(8) F.S. In meeting the statutory requirements, the CRA Fund must be treated as a major fund. The Brooksville CRA Fund Balance was \$470,492 at September 30, 2014.

The nonmajor governmental funds consist of Special Revenue Funds of \$2,298,588, Capital Projects Funds of \$895,296, Debt Service Funds of \$60,177 and a Permanent Fund of \$375,385. The nonmajor Government Funds had a year-end Fund Balance of \$3,629,446. Together the City had approximately \$5.5 million in Fund Balance Reserves as opposed to \$5.16 million in the previous year.

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

The pie chart below indicates the percentage of dollars spent on governmental activities. Public Safety makes up 59% of the City's governmental activities. General Government is 21% of the total governmental activities. General government includes City Manager's Office, Finance, Human Resources, Community Development, and Technology Services. Streets are 6% and Culture and Recreation activities are 11%. Physical Environment is 2%. The information is obtained from Table 2 on page 14.

Proprietary Funds

The City's proprietary funds are comprised of enterprise funds and internal service funds. An enterprise fund is used to account for activities for which a fee is charged to external users for goods and services. Also, included is Internal Service Funds, which provides services to other City departments.

The Utility Fund represents the City's water and sewer utility. The Fund experienced a positive change in net position of \$2,668,609. The change in Charges for Services and litigation settlement were the primary reason for the increase. Current assets decreased by \$548,809 from the previous fiscal year. Total liabilities decreased by \$690,284 from the previous fiscal year. Charges for services increased \$201,769 from the previous year. Operating expenses increased by \$116,275 from the previous year due to an increase in depreciation.

The Sanitation Fund sustained a negative change in net position of \$20,370.

The Internal Service Funds reports activities that provide a service to the City's other operations for vehicle maintenance, vehicle replacement, and equipment replacement. Internal service funds are combined with governmental activities in the government-wide statements since they primarily benefit governmental activities.

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

The presentation below shows the reserves in Vehicle Replacement for each fund with additional detail presented in General Fund departments:

VEHICLE REPLACEMENT RESERVES	
Administration and Finance	\$ 39,288
Police	1,770
Fire	440,125
Streets	76,928
Parks	9,319
Cemetery	3,041
General Fund Total	570,471
Utility Fund	155,003
Sanitation Fund	607,601
Proprietary Funds Total	762,604
Grand Total	\$ 1,333,075

Capital Assets

The City's capital assets (net of accumulated depreciation) as of September 30, 2014 reflect an investment of \$49,308,917 on Statement of Net Position. Please refer to Note 5 beginning on pages 49 and 50 to review detail of the Capital Asset activity for the fiscal year ended September 30, 2014. In compliance with GASB #34, the City report infrastructure assets, such as roads and bridges.

Significant increases in assets or Construction in Progress (CIP) this fiscal year include:

- The City's Vehicle Replacement Fund capitalized one police vehicles costing \$36,061, one 2014 Isuzu chassis street sweeper costing \$177,150, one 2013 Caterpillar Mini Excavator with trailer for \$42,623, one 2014 Ford Cargo Van costing \$29,799 and one 2014 ford F550 Container Truck for \$63,207. In addition, the City capitalized one police vehicle from the Federal Edward Byrne Memorial JAG Program Grant (Patrol K-9 Vehicle Program) for \$30,067.
- The Equipment Replacement Fund capitalized \$6,658 for a 2014 Gravely Pro Turn 148 Riding Lawn Mower for the Parks Department.
- We capitalized \$13,170 for the remodel of City Hall first floor bathrooms and \$10,620 for second floor carpeting of City Hall.
- \$18,867 was capitalized for the Police Department retaining wall and \$12,479 for Police room redesign part A out of General Fund and \$3,000 for room redesign part B from Fund 128.
- Other General Fund projects that were capitalized are 2014 All Pro trailer dump (\$6,095), netting for adult fields at Jerome Brown Center (\$9,215), and repaving of JBCC skate and bike trail (\$19,263).
- Fund 109 Law Enforcement Invest. Trust bought a Cellbrite Kit Touch for \$7,084.

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

- Fund 115 Parks Impact Fees built a Pavilion for \$31,311.
- Fund 312 our 2011 Capital Improvement Loan- Capital Projects Fund bought Basketball Court lights for \$6,100.
- Fund 308 Multi-Year Capital Project Accumulation capitalized two projects, Early Road for \$36,740 and Sharon Street for \$8,129.
- Fund 615 Community Redevelopment Agency completed the task 2 CRA Recreation Master Plan for \$7,890 and the task 3 CRA Storm water Master Plan for \$9,890.
- The Utility Fund capitalized \$22,058 for Hope Hill Generator and \$9,232 for a Gear Box Out Put Coupler.

Long-term Debt

The City purchased a new ladder truck for the fire department on November 10, 2005. SunTrust Bank issued the loan for \$633,659. The balance on the loan as of September 30, 2014 is \$336,275 interest rate of 4.23% maturing May 10, 2021. See Note 6 page 51 for further details.

The City obtained a \$258,800 (at 4.125%) Capital Improvement Revenue Bond in November 2006 with a maturity of 30 years. The loan was financed through USDA and included a grant portion of \$286,000. The loan/grant was utilized to purchase emergency generators and retrofit the City Hall and Police Department windows. Refer to Note 6 beginning on page 51. The balance as of September 30, 2014 is \$164,000. Mobile Home licenses are the assigned collateral for this USDA Bond Payable.

The City borrowed through SunTrust \$3,333,022 on May 20, 2011. The Note Payable is entitled City of Brooksville, Florida Capital Improvement Revenue Note, Series 2011 and Financing Energy Performance Projects. The Note Payable interest rate is at 4.136% maturing October 2026 with quarterly payments. The debt will fund energy conservation projects. The City has a Guaranteed Energy Savings Agreement with Energy Systems Group approved on April 28, 2011. This agreement guarantees that the debt service will be offset by the energy savings. See Note 6 beginning on page 51.

In 2011, the Utility Fund borrowed two loan payables via the State Revolving Fund to the State of Florida Department of Environmental Protection. Both are semiannual payments and are due February 15, 2031. The total debt at September 30, 2014 is \$898,213 at 2.3%. The project associated with the debt was sewer rehabilitation with a combination of grant/loan proceeds. See Note 6 page 51.

In 2013, the City Council approved the issuance of the 2013 SunTrust Water and Sewer Refunding Revenue Bond in the amount of \$9,510,366 for the Utility Fund. The loan has an interest rate of 2.442% and will mature on October 1, 2027. The total debt at September 30, 2014 is \$8,889,826. This action refunds the following two Revenue Bonds and Hancock Bank loan:

- The 1999 Water and Sewer Revenue Bond have a principal balance due of \$5,492,000 which was due in 2039. The bonds carry interest rates of 3.25%. The funds were used for the construction of the Cobb Road Wastewater Treatment Plant and transmission lines.

**CITY OF BROOKSVILLE, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2014**

- In November 2002, the City issued \$6,610,000 in Water and Sewer Revenue Refunding Bonds to refund outstanding 1988A and 1992 Series bonds. As a result of the refunding, the City reduced their debt service requirements by \$1,257,216. The bonds carry interest rates varying from 2.50% to 4.60%.
- The Hancock Bank City of Brooksville, Florida Subordinated Water and Sewer Revenue Notes in the amount of \$1,558,656 were issued July 23, 2008. The loan had quarterly installments with 3.49% interest rate which would have matured in August 15, 2018. This loan financed certain improvements to the City-owned water and sewer system primarily along the State Road 50 West corridor. The Hancock Note paid out a SunTrust line of credit that was utilized during the construction phase from 2005 thru 2008.

Performance Measured Against Expectations (Budget)

General Fund revenues were under budget by \$868,063. The major difference was tax revenues when comparing budget to actual. General Fund expenditures were under budget by \$368,421 (excluding transfers out).

2014 Millage Rate

The City's elected and appointed officials considered many factors when adopting the fiscal year 2013-2014 Annual Budget. The State of Florida under s. 200.185, F.S, required that the City adopt a tax levy permitted under the law. If the City adopted a tax levy that exceeds the maximum tax levy, s. 200.185, F.S. requires that the municipality will lose their half-cent sales tax distribution. By majority vote, the tax authority could levy a maximum millage equal to their rolled-back rate adjusted for the change in per capita Florida personal income (1.0169% for 2014). The City of Brooksville's maximum rate by majority vote was 11.9580 mills (exceeds the 10 mill cap). A two-thirds vote maximum millage allowed by law exceed was 13.1538 mills which exceeds the maximum millage allowed of 10 mills. The City of Brooksville complied with the requirements and did not lose their half-cent sales tax distribution. In 2014, the City adopted the millage rate of 6.7317. The current year rolled-back rate was 6.7317 which was the same as the adopted rate. The rolled-back rate is a tax rate the county property appraiser determines is necessary to give a governmental agency the same amount of property tax dollars it received during the previous budget year.

The 2014 millage rate of 6.7317 was 5.2263 mills lower than required by the State of Florida with a majority vote.

Acknowledgements

The preparation of this report could not be accomplished without the dedicated services of the entire staff of the Finance Department. Appreciation is also extended to the Mayor and City Council and the City Manager and Department Heads for their continuous commitment to the highest ethical standards in financial reporting and disclosure.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the government's finances. Questions concerning any of the information should be addressed to the Finance Director or Assistant Finance Director, City of Brooksville, 201 Howell Avenue, Brooksville, Florida 34601.

**CITY OF BROOKSVILLE, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL
FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED SEPTEMBER 30, 2014**

Net Changes in Fund Balances - Total Governmental Funds \$ 346,468

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.

Expenditures for Capitalized Assets	\$ 353,142	
Less: Current Year Depreciation	<u>(575,466)</u>	(222,324)

Repayment of principal is an expenditure in the governmental funds, however the repayment reduces long-term liabilities in the statement of net assets.	226,558
---------------------------------------------------------------------------------------------------------------------------------------------------------	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. The amounts below represent the change in these accounts.

Accrued Compensated Absences	20,183	
Other Long-Term Liabilities	<u>(303,797)</u>	(283,614)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net income of the internal service fund is reported with governmental activities.	16,897
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------

Some revenues reported in the statement of activities will not be collected for several months after the fiscal year and, therefore, are not reported as revenue in the governmental funds	<u>(103,826)</u>
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------

Change in Net Position of Governmental Activities \$ (19,841)

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 1 REPORTING ENTITY

The City of Brooksville is an incorporated municipality, established in 1880, when the officers of the Town of Brooksville adopted ordinances declaring administrative and criminal laws. In 1931 the legislature of the State of Florida approved the Proposed Home Rule Charter for the City of Brooksville as contained in Chapter 15103 of the 1931 Acts of Florida. This chapter legalized and validated the charter election, which was held in the City on April 21, 1931. The City operates under a City Council-Manager form of government and provides the following municipal services: general administrative, public safety, permitting and zoning, development, public improvements, recreation, water and sewer, sanitation and cemetery services.

The accompanying financial statements are prepared in accordance with generally accepted accounting principles (GAAP) applicable to governmental units, as prescribed by the Governmental Accounting Standards Board (GASB). The more significant of the City's accounting policies are described below.

As required by the Governmental Accounting Standards Board (GASB), these financial statements include the Council (the primary government) and its component units, entities for which the Council is considered to be financially accountable. The Council is financially accountable if (a) it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefit to or impose specific financial burden on the Council; (b) the organization is fiscally dependent upon the Council; or (c) it would cause the financial statements to be misleading by excluding the organization.

The reporting entity's financial statements should allow users to distinguish between the primary government (the Council) and its component units. However, some component units, because of the closeness of their relationships with the Council should be blended as though they were part of the City. Otherwise, component units should be discretely presented. To accomplish this goal, the City's financial statements present the fund types of the City, including component units that have been blended.

City of Brooksville Community Redevelopment Agency

The City of Brooksville Community Redevelopment Agency (CRA), a public body corporate and politic created pursuant to Florida Statutes, Section 163.356 was created to oversee and implement the City's redevelopment plan and to supervise and control the expenditures of tax increment financing funds placed in the Community Redevelopment Area Trust Fund. The members of the City Council serve as the members of the CRA Board and approve the annual budget. The CRA satisfies the criteria in for blending and is reported as a major Special Revenue Fund of the City. The CRA must be treated as a major fund, pursuant to Florida Statutes, Section 163.387(8).

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 1 REPORTING ENTITY (CONTINUED)

Brooksville Housing Authority

The Brooksville Housing Authority has not been included as part of the City for financial statement purposes. The governing board is selected by the City Council, but then the governing board is responsible for the hiring and firing of management; the budget, which is then approved by the federal government; and all fiscal matters. The City has no responsibility for any surplus or deficits of the Brooksville Housing Authority.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basic Financial Statements - Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The City's police and fire protection, parks, public works, and general administrative services are classified as governmental activities. The City's water, sewer, and sanitation services are classified as business-type activities.

In the government-wide statement of net position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position are reported in three parts – net investment in capital assets, restricted net position, and unrestricted net position. The City first utilizes restricted resources to finance qualifying activities.

The government-wide statement of activities reports functional categories of programs provided by the City and demonstrates how and to what degree those programs are supported by specific revenue. The "Expenses" column reports direct expenses that are clearly identifiable with a specific function or program. "Program Revenues" are directly attributable to a specific function or program and are categorized as charges for services, operating grants and contributions, and capital grants and contributions. The net of program expenses less program revenues reflects the net cost of each function or program. The general revenues section includes revenues that are not program specific such as taxes and investment earnings.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Basic Financial Statements - Government-Wide and Fund Financial Statements
(Continued)**

Government-Wide Financial Statements (Continued)

As a general rule, the effect of interfund balances and transfers has been removed from the government-wide financial statements, except for the residual amounts between governmental and business-type activities reported as “internal balances”, which are eliminated in the total column. These statements distinguish between governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

This government-wide focus is more on the sustainability of the City as an entity and the change in the City’s net position resulting from the current year’s activities.

Fund Financial Statements

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures (or expenses), as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The funds of the City are divided into three categories: governmental, proprietary and fiduciary.

The emphasis in fund financial statements is on the major funds, as defined by GASB, in either the governmental or business-type activities categories. The nonmajor funds are combined in a column in the fund financial statements.

The City operates the following major governmental funds:

Government Funds

Government funds are used to account for all or most of a government’s general activities. The City operates the following major governmental funds:

- The **General Fund** is the government’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The **City of Brooksville Community Redevelopment Agency**, a major special revenue fund, accounts for expenditures associated with oversight and implementation of the City’s redevelopment plan and control of the expenditures of tax increment financing funds placed in the City of Brooksville Community Redevelopment Agency.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Basic Financial Statements - Government-Wide and Fund Financial Statements
(Continued)**

Fund Financial Statements (Continued)

- The **Traffic Camera Fund**, a major special revenue fund, accounts for the funding of red light camera and expenditures associated with police protection.
- The **Fire Department Fund**, a major special revenue fund, accounts for the funding of fire protection and related essential services within the City.

Proprietary Funds

Proprietary funds are used to account for a government's ongoing activities, which are similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration.

The City reports the following major proprietary funds:

- The **Utility Fund** accounts for the fiscal activity of providing water and wastewater services to residential and commercial customers.
- The **Sanitation Fund** accounts for the fiscal activity of providing collection and disposal of solid waste to residential and commercial customers.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and of the internal service fund are charges to customers for sales and services. Operating expenses for enterprise funds and the internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The City's internal service funds are presented in the proprietary funds financial statements. Because the principal users of the internal service (vehicle maintenance, vehicle replacement and equipment replacement) are the City's governmental activities, the financial statement of the internal service funds is consolidated into the governmental column when presented in the government-wide financial statements. The cost of these services is reported in the appropriate functional activity.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support City activities or obligations. As a result, they are excluded from the government-wide financial statements.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fiduciary Funds (Continued)

The City reports the following fiduciary funds:

- The **Butterweck Bond Fund**, a private purpose trust fund, accounts for the fiscal activity to maintain Butterweck Crypt at Brooksville Cemetery.
- The **HRA Fund** accounts for the health reimbursement for City of Brooksville employees, retirees and employees families if participating in City medical insurance.
- The **Payroll Account**, an agency fund, accounts for the payroll and related liabilities for City employees.
- The **Fireman's Retirement Fund**, a pension trust fund, accounts for the firefighter's pension benefits, contractual services and investment services.
- The **Police Retirement Fund**, a pension trust fund, accounts for the police pension benefits, contractual services and investment services.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is followed by governmental funds. Under the modified accrual basis of accounting, revenues are recorded when they become measurable and available to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability has been incurred except for (1) principal and interest on long-term debt, which is recorded when due, and (2) the noncurrent portion of accrued vacation and sick leave.

Property taxes, sales taxes and franchise taxes associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Licenses and permits, fines and forfeitures, charges for sales and services (other than utility) and miscellaneous revenues are generally recorded as revenue when received in cash because they are generally not measurable until actually received. In the category of use of money and property, property rentals are recorded as revenue when received in cash, but investment earnings are recorded as earned, since they are measurable and available.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Net Position is segregated into three components: net investment in capital assets; restricted net position; and unrestricted net position. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net position.

The fiduciary funds consist of pension trust, private-purpose trust and agency funds. Pension trust and private-purpose trust funds are prepared on a full accrual basis, which is a flow of economic resources measurement focus. Agency funds are also prepared on a full accrual basis, but do not have a measurement focus.

Budgets and Budgetary Accounting

The City follows these procedures, which comply with legal requirements, in establishing the budgetary data reflected in the financial statements:

1. All funds have legally adopted annual budgets. Prior to the inception of the fiscal year, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing October 1. The operating budget includes proposed expenditures and the means of funding them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally enacted through passage of an ordinance.
4. The City Manager is authorized to transfer budget amounts within departments; however, any revisions that alter the total expenditures of any department or fund must be approved by the City Council. City policy permits amendments to the budget during the fiscal year and subsequent to year-end.
5. Budgets for the General Fund, Special Revenue Funds and Capital Projects Funds are principally prepared on the modified accrual basis of accounting. Encumbrances, which do not lapse at the end of a fiscal year, are carried over to the next fiscal year.

Upon legislative approval, the expenditure requests in the budget become binding appropriations, which may not legally be exceeded unless subsequently amended by the legislative body.

Encumbrance Accounting

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in all funds. Encumbrances outstanding at year-end are reported as assigned since they do not constitute expenditures or liabilities under GAAP.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pooled Cash and Investments

All of the City's cash and investments except pension funds and certain bond related investments, are combined in a pooled cash accounting system to allow the investment of idle cash for short periods of time, thereby maximizing interest earnings for the City as a whole. Interest earned on pooled cash is allocated to each fund participating in the pool on a pro-rata basis.

Allowances For Uncollectibles

The City calculates its allowances for uncollectibles using historical collection data, specific account analysis and management's judgment.

Investments

All investments, except non-participating investments, (i.e., certificates of deposits, and repurchase agreements), and investments in the "2a-7 like external investments pools" are reported at fair value.

Inventories

Supplies inventories are valued at cost on a first-in, first-out basis. Supplies inventory consists of supplies held for consumption that are expensed at the time of consumption, rather than at the time a liability is incurred.

Confiscated property inventory is valued at estimated fair market value at the date confiscated. Confiscated property inventory consists of tangible property confiscated from persons due to the properties' connection to alleged illegal activity.

Prepaid Items

Payments made to vendors in the governmental funds for services that will benefit periods beyond September 30 are recorded as prepaid items. Prepaid expenses in the enterprise funds are reported on the accrual basis and are expensed as the related benefits expire.

Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements as well as the proprietary fund financial statements.

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value on date of donation. Capital assets in the proprietary funds are stated at cost. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided using the straight-line method. The estimated useful lives are as follows:

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

Buildings	40 Years
Utility Plant in Service	20 - 40 Years
Equipment	5 - 10 Years
Infrastructure	10 - 50 Years

The City is not required to report infrastructure assets acquired prior to October 1, 2003. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. As infrastructure is added, the assets are capitalized and depreciated appropriately.

Compensated Absences

City employees accumulate vacation pay in varying amounts as services are provided. All outstanding vacation time is payable upon termination of employment.

Additionally, City employees accumulate sick leave in varying amounts as services are provided. Effective with the first pay period each October, employees are given the option to convert up to 50% of the unused sick leave earned for the previous 12 months to cash payment based upon the employee's current rate of pay. The remaining balance is accrued for the employee's use. The exception to the 50% sick buy-back is members of the Brooksville Professional Firefighters' Local #4661; the annual 50% sick buy-back payment to the Firefighters' Local members is paid at the option of the City Manager if deemed in the best interest of the City. Upon separation or retirement of employment with the City, the balance of unused sick leave by City employees, with the exception of the Brooksville Professional Firefighters' Local #4661, has no value.

Based on the Labor Agreement between the City of Brooksville and the Brooksville Professional Firefighters' Local #4461, members of the Local #4461 are allowed a payment of sick leave upon termination unless an employee is terminated for gross misconduct. Members are paid 25% of their sick leave balance with 3 years but not including 7 years of service; members are paid 35% of their sick leave balance with 7 years but not including 15 years of service; and members are paid 50% of their sick leave balance with 15 or more years of service.

The cost of accumulated vacation and sick leave pay expected to be paid in the future is accounted for as a liability in the government-wide financial statements.

Governmental Fund Balances

Effective for the year ended September 30, 2011, the City adopted a Fund Balance Policy to comply with Governmental Accounting and Financial Standards Board Statement (GASB) No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund Balances (Continued)

The governmental fund types classify fund balance as follows:

Non-spendable fund balance - amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted fund balance - amounts that can be spent only for the specific purposes stipulated by the constitution, external resource providers, or through enabling legislation.

Committed fund balance - amounts that can be used only for the specific purposes determined by a formal action of the City Council, the City's highest level of decision making authority. Commitments may only be removed or changed by the City Council taking the same formal action that imposed the constraint. The commitment action should occur by the end of the fiscal year.

Assigned fund balance - amounts intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. The City Council delegated the City Manager the authority to assign amounts to be used for specific purposes.

Unassigned fund balance - the residual classification for the City's General Fund and includes all spendable amounts not contained in the other classifications. In other funds, the unassigned classification should be used only to report a deficit balance from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City has formally adopted a fund balance and spending policy to clearly define the process for tracking the various classifications of fund balance. When a fund expenditure is incurred which restricted, committed, assigned, or unassigned amounts are available to be used, the City will first use restricted amounts, then committed amounts, then assigned amounts, and finally unassigned amounts.

At September 30, 2014, the HRA fund had a fund balance deficit of \$13,155. The deficit in the HRA fund will be eliminated through future contributions.

Stabilization Arrangements

The City Council established a stabilization amount by formally requiring – in accordance with its Fund Balance Policy – that the City will maintain a minimum unassigned fund balance in its General Fund of 3% of the current year's budgeted expenditures and outgoing transfers. If fund balance falls below the minimum 3%, the City will replenish shortages/deficiencies over a period not to exceed one year using one or the combination of the following:

- The City will reduce recurring expenditures to eliminate any structural deficit
- The City will increase revenues or pursue other funding sources

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Stabilization Arrangements (continued)

The City's Fund Balance Policy also states an unassigned fund balance in its General Fund over 20% of the subsequent year's budgeted expenditures and outgoing transfers will be considered a surplus. If fund balance rises above 20%, the City will consider such fund balance surpluses for one-time expenditures that are non-recurring in nature and which will not require additional future expense outlays for maintenance, additional staffing or other recurring expenditures.

Statement of Cash Flows

For purposes of the statement of cash flows, the City has included checking accounts, certificates of deposit, and cash on hand as part of cash and cash equivalents. Cash equivalents are defined as those with original maturities of 90 days or less.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates, and those differences could be material.

Implementation of New Accounting Standards

During the year ended September 30, 2014, the City adopted the provisions of GASB Statement No. 67, Financial Reporting for Pension Plans. GASB 67 replaces GASB Statement No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans and Statement No. 50, Pension Disclosures, which amended GASB Statement 25 to enhance the standards for footnote disclosures and required supplementary information for pension plans, including disclosing the plan's funding status, actuarial methods and assumptions.

NOTE 3 CASH AND INVESTMENTS

Cash Deposits

As of September 30, 2014, the City's cash deposits were entirely covered by federal depository insurance or by the banking network provided by Chapter 280 of the Florida Statutes. Florida Statutes provide for collateral pooling by banks and savings and loans, and limit local government deposits to "authorized depositories." Therefore, all cash deposits held by banks can be classified as fully insured. Customer deposits, renewal and replacement and debt retirement funds are shown as restricted cash due to the legal limitations imposed on them. At September 30, 2014, the carrying amount of the City's deposits was \$2,628,497 and the total book balances was \$2,535,127. The City also had \$5,025 cash on hand at September 30, 2014.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Custodial Risk

Custodial credit risk is defined as the risk that, in the event of failure of the counterparty, the City will not be able to recover the value of its deposits and securities that are in the possession of an outside party. Demand deposits are fully insured by the Federal Depository Insurance Corporation and the multiple financial institution collateral pool, required by Sections 280.07 and 280.08, Florida Statutes. To mitigate custodial risk, broker/dealers must meet established capital requirements as set forth by the Securities Exchange Commission, be registered in the State of Florida, provide proof of registration, complete a broker/dealer questionnaire, certify understanding of the City's investment policy, and provide a copy of most recent audit report.

Investments

The City's investment policy allows the City to invest surplus money in instruments provided by Florida Statutes Chapter 218.40 - 218.415. Among them are:

- a. The Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act, as provided in Section 163.01, Florida Statutes;
- b. Savings accounts in state-certified qualified public depositories, as defined in Section 280.02, Florida Statutes;
- c. Certificates of deposit in state-certified qualified public depositories, as defined in Section 280.02, Florida Statutes;
- d. Direct obligations of the U.S. Treasury;
- e. Federal Agencies and instrumentalities;
- f. Repurchase Contracts secured by U.S. Treasury or U.S. Government Agency Securities when market value shall be not less than 5% more than the amount of the contract. The 5% margin shall be maintained for the term of the contract. If the market value falls below the 5% margin, the issuer of the contract shall pledge additional collateral to restore the margin.

City ordinance authorizes investments for the pension trust funds, as follows:

- a. Annuity and life insurance contracts;
- b. Time and savings accounts of National Bank and a State of Florida bank insured by FDIC;
- c. Obligations of the United States;
- d. State and local government bonds (as restricted); and
- e. Corporate stocks and bonds (as restricted).

Pension trust fund investments are made up primarily of trust company and equity funds (bank common funds). The investments are insured or registered securities that are held by the City or its agent, in the City's name. As of September 30, 2014, pension trust fund investments totaled \$10,657,425.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Credit Risk

Credit risk is the risk resulting from potential default of investments that are not financially sound. To mitigate credit risk, the City primarily invests in U.S. government securities and the State of Florida local government surplus trust fund pool. Money market accounts are held with qualified public depositories who meet the State of Florida requirements.

The following illustrates the credit quality distribution with credit exposure as a percentage of the City's investment securities.

<u>Investment Type</u>	<u>Credit Ratings</u>	<u>Concentration Risk at Fair Value</u>	<u>Percentage of Total Pooled Investments</u>
LGIP - SBA Florida PRIME	AAAm	\$ 1,472,216	12.41%
LGIP -FMIvT: 0-2 Year High Quality Bond	AAA/V1	8,300,538	70.00%
LGIP -FMIvT: 1-3 Year High Quality Bond	AAA/V2	1,442,680	12.17%
LGIP -FMIvT: Intermediate High Quality Bond Fund	AAA/V3	643,062	5.42%
Total		<u>\$ 11,858,496</u>	<u>100.00%</u>

The police and fire pension funds limit their credit risk by diversifying the investment portfolio so that potential losses on individual securities will be minimized.

The following illustrates the credit quality distribution with credit exposure as a percentage of the police pension fund investment securities.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributable to the quality of investments in a single user. The City's investment policy requires that investments be diversified by security type and institution. Approximately 88% of the City's investments are in Florida Municipal Investment Trust. Approximately 12% of the City's Investments are in the Local Government Surplus Trust Fund Investment Pools.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Concentration of Credit Risk (Continued)

To limit this risk, the fire pension fund requires that not more than 65% of the plan's assets may be invested in corporate, common stock and convertible bonds. Investment in real estate must not exceed 10% of the cost value of the fund. In addition, foreign securities shall not exceed 25% of the market value of the Plans' assets.

To limit this risk, the police pension fund has established allocation ranges by asset classed as followed:

<u>Asset Classes</u>	<u>Ranges</u>
Domestic Equity	25 - 45 %
International Equity	15 - 25 %
Real Estate Investment Trust (REIT)	0 - 10 %
Inflation Hedge	0 - 5 %
Fixed Income Mutual Funds	25 - 60 %
Cash Equivalent	0 - 20 %

Interest Rate Risk

To mitigate interest rate risk, the City's investment policy requires that the investment portfolio structure maturities to the City's cash needs for ongoing operations and that operating funds be invested primarily in short-term securities. The City's policy requires that investments have maturities no greater than five years.

<u>Investment Type</u>	<u>Average Duration</u>	<u>Total Fair Value</u>
LGIP - SBA Florida PRIME	0.11	\$ 1,472,216
LGIP -FMIvT: 0-2 Year High Quality Bond	0.75	8,300,538
LGIP -FMIvT: 1-3 Year High Quality Bond	1.49	1,442,680
LGIP -FMIvT: Intermediate High Quality Bond Fund	3.96	643,062
		<u>\$ 11,858,496</u>

The City's pension trust funds do not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates. The performance of the police and fire pension funds are measured against various nationally recognized benchmarks depending on the category.

	156,000	64,063	8,269,006	1,444,498

The following bonds payable and notes payable were outstanding at September 30, 2014:

2006 Capital Improvement Revenue Bonds

In November 2006, the City issued \$258,800 in Capital Improvement Revenue Bonds, Series 2006 for the purpose of providing a part of the funds required to finance a part of the cost of acquiring and installing certain capital improvements to the City Hall Building and wastewater utility lift stations. The City established an advance between the General Fund and the Utility Fund for the Utility Fund's portion due for the cost of improvements at the wastewater utility lift stations. The balance of the advance at September 30, 2014 was \$92,640.

Interest on the 2006 bonds is payable annually on September 1 of each year. The bonds carry an interest rate of 4.125%. Bonds maturing on or before September 1, 2015 are not subject to redemption prior to their respective stated dates of maturity. Bonds maturing September 1, 2016 and thereafter shall be redeemable, at the option of the Issuer, in whole or in part, in inverse numerical and maturity order, on September 1, 2015 or on any interest payment date thereafter at par and accrued interest, plus the following premiums, expressed as percentages of the par value of the Bonds so redeemed, if redeemed in the following years:

- 5% if redeemed on September 1, 2015 or thereafter, to and including September 1, 2018;
- 4% if redeemed on September 1, 2019 or thereafter, to and including September 1, 2022;
- 3% if redeemed on September 1, 2023 or thereafter, to and including September 1, 2026;
- 2% if redeemed on September 1, 2027 or thereafter, to and including September 1, 2030;
- 1% if redeemed on September 1, 2031 or thereafter, to and including September 1, 2034;

Without premium, if redeemed on September 1, 2035 or thereafter, but prior to maturity. The bonds mature on September 1, 2036.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

2013 Water and Sewer Refunding Revenue Bonds

During 2013, City Council approved Resolution 2013-03 authorizing the issuance of the Water and Sewer Refunding Revenue Bond, Series 2013 of \$9,510,366. This action refunds the Water and Sewer Systems Bonds Series 1999, Water and Sewer Revenue Refunding Bonds Series 2002, and the Hancock Bank Subordinated Water and Sewer Revenue Note Series 2008. The 2013 Bonds have an interest rate of 2.442% and will mature on October 1, 2017. The cash flow savings is \$1,344,518 and the present value of the savings is \$657,542.

The loan requires the City to set aside the annual debt service for three years in the amount of \$777,087. After the three years are up based on meeting certain debt ratios, the \$777,087 will be available for capital or operating expenses. The new loan freed up Renewal and Replacement and Debt Service Fund reserves in the amount of approximately \$390,000 for capital expenditures which will be used for drilling wells at PHCC. In addition, old Renewal and Replacement (R&R) requirements on the old debt freed up annual required contributions from Water and Sewer Operating funds in the amount of \$65,712 to the year 2039.

Notes Payable

The notes payable included in Long-Term Liabilities as of September 30, 2014 consist of the following:

<u>Description</u>	<u>Amount</u>
GOVERNMENTAL ACTIVITIES	
4.136% note payable to SunTrust Bank; principal and interest payable quarterly beginning January 1, 2012 until October 2026; subject to prepayment penalties; financing energy performance projects.	\$ 2,907,986
4.23% note payable to SunTrust Bank; interest only payable for the first two quarters; principal and interest payable quarterly beginning July 26, 2007 until May 10, 2021; used to purchase a 2006 Sutphan Fire Aerial Platform Truck.	336,275
Total	<u>\$ 3,244,261</u>
BUSINESS-TYPE ACTIVITIES	
2.3% state revolving fund note payable to the State of Florida Department of Environmental Protection; secured by and payable from the pledged funds; principal and interest payable in semiannual installments beginning August 15, 2011 until February 15, 2031	\$ 357,566

Other Long-term Liabilities

The City has recorded a liability for the water and sewer impact fee credits in the Southern Hill Plantation development. As of September 30, 2014 the liability is \$2,655,477.

The City has entered into an agreement with a vendor to monitor and enforced red light violations in accordance with applicable laws and ordinance. Per the agreement a monthly fee is charged based on number of traffic cameras per month per installed camera. However the City only pays a maximum of 50% per month of the monthly photo enforcement revenue generated by operation of the camera systems per the contract. Any payment shortfalls related to the difference between the fees and the enforcement revenue for the month is accumulates from month to month until paid in full. As of September 30, 2014, there was a shortfall of \$480,126. This amount was accrued in the governmental activities in the government-wide financial statements.

NOTE 7 PENSION

Retirement System

Plan Description: Pursuant to Chapter 95-338, Laws of Florida, the City of Brooksville declared as its policy and purpose, a revocation of election to participate in the Florida Retirement System for all employees or officers hired on or after January 1, 1996. Effective January 1, 2002, the City elected to again participate in the Florida Retirement System for general employees and officers. The Florida Retirement System (FRS) is a cost-sharing multiple-employer defined benefit public employee retirement system administered by the State of Florida Department of Administration. The FRS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 7 PENSION (CONTINUED)

The FRS issues a publicly available financial report that incorporates the financial statements and required supplementary information for the FRS. That report may be obtained by writing to State of Florida, Division of Retirement, Research Education Section, 1317 Winewood Blvd., Bldg 8, Tallahassee, Florida 32399-1560 or by calling (844) 377-1888.

FRS provides for vesting of benefits after 6 years of credit services. Normal retirement benefits are available to employees who retire at or after age 62 with 6 or more years of service. Early retirement is available after 6 years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Benefits are based upon age, years-of-service credit and average compensation, which are computed using the individual's 5 highest yearly earnings. Benefits are established by Chapter 121, Florida Statutes and Chapter 22B, Florida Administrative Code.

Effective July 1, 1998, the FRS instituted the Deferred Retirement Option Program (DROP), which provides an alternative method for payment of retirement benefits for up to 60 months after a member reaches his normal retirement date. DROP allows eligible employees to save all retirement benefits plus interest for up to 60 months while continuing employment with a participating employer and receiving a salary. Regular monthly retirement benefits are determined at the time the employee enters DROP. At termination of employment, the employee will receive payment of the accumulated DROP benefits, and begin receiving their monthly retirement benefits.

Funding Policy: The Florida Retirement System requires a 3% contribution for members effective July 1, 2011. Employer contributions are based upon state-wide rates established by the State of Florida. From October 1, 2013 through June 30, 2014, the employer rates, which include the health insurance subsidy contributions of 1.20%, and the 0.03% administrative/education fee, are applied to employee salaries as follows: regular employees – 6.95%; senior management – 18.31%; elected officers – 33.03%; and deferred retirement option plan – 12.84%. The employer contribution rates, effective July 1, 2014, which include the health insurance subsidy of contributions of 1.26%, and the 0.04% administrative/education fee, are applied to employee salaries as follows: regular employees – 7.37%; senior management – 21.14%; elected officers – 43.24%; and deferred retirement option plan – 12.28%. The City's contributions to FRS for the three years ended September 30, 2014, 2013 and 2012 were \$231,683, \$174,651, and \$125,598 respectively, equal to the required contribution for each year.

Plan Description

The City maintains two defined benefit pension plans as follows:

The City provides a Firefighters' Retirement Trust Fund plan covering substantially all full time firefighters employed by the City. The plan was amended and restated by Ordinance 754-D, adopted by City Council on January 7, 2011. The plan is a defined benefit plan with actuarial valuations performed annually. The most recent valuation was done as of October 1, 2013.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 7 PENSION (CONTINUED)

Plan Description (Continued)

The City Council adopted Ordinance No. 552 on December 18, 1995, providing for the establishment of a Chapter 185 Local Law Municipal Police Officers' Pension Trust Fund effective for all police officers hired after January 1, 1996. The plan was amended and restated by Ordinance No. 770-A adopted by City Council on May 3, 2010. The most recent valuation was done as of October 1, 2013.

Employees under the Firemen's Retirement Trust Fund who are classified as full-time and volunteer firefighters shall participated in the system as a condition of employment. Employees are 100% vested after 10 years of credited service. Employees who are classified as full-time under the Police Retirement Chapter 185 plan hired after January 1, 1996 shall participate in the system as a condition of employment. Employees are 100% vested after 6 years of credited service.

Fire and Police employees are required to contribute 3.29% and 1%, respectively, of their annual salary. The City is required to contribute the remaining amounts after employee and state contributions necessary to fund the plans as specified by ordinance.

Other information with respect to the pension plans is as follows:

	Firefighters' Retirement Trust Fund	Police Retirement Chapter 185
Plan Establishment/Restatement	January 7, 2011	December 18, 1995

Summary of Significant Accounting Policies

- **Basis of Accounting** – The financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 7 PENSION (CONTINUED)

Plan Description (Continued)

Summary of Significant Accounting Policies (Continued)

- **Method Used to Value Investments** – Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments and are discounted based on independent appraisals. Investments that do not have an established market are reported at estimated fair value.
- **Stand-Alone Report** – For more information pertaining to the Firefighters' Retirement Plan and the Police Retirement Plan refer to the City of Brooksville, Florida's stand-alone financial statements for each plan, which can be obtained by contacting the City of Brooksville, Finance Department, 201 Howell Avenue, Brooksville, Florida 34601-2041.

Funding Policy

The City's funding policy is to provide for periodic employer contributions at actuarially determined rates that expressed as percentages of annual covered payroll which, when combined with employee and state contributions, are designed to accumulate sufficient assets to pay benefits when due. Information related to contributions for the year ended September 30, 2014 is as follows:

	Firefighters' Retirement Trust Fund	Police Retirement Chapter 185
Contribution Rates as of 9/30/2014:		
City	54.76%	34.90%

Firefighters' Retirement Trust Fund

Employees who are classified as full-time and volunteer firefighters shall participate in the System as a condition of employment. The plan is administered by a Board of Trustees comprised of:

- a. Two Council appointees,
- b. Two Members of the Department elected by the membership, and
- c. A Fifth Member elected by the other four and appointed by council.

Plan Membership as of October 1, 2013

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	18
Inactive Plan Members Entitled to but Not Receiving Benefits	9
Active Plan Members	17
	44
	44

The following is a summary of eligibility, contribution methods, and plan provisions:

The Plan provides retirement, termination, disability and death benefits.

Normal Retirement:

Date: Earlier of age 60, age 55 and 10 years of Credited Service, or 20 years of Credited Service regardless of age.
Benefit: 3.1% of Average Final Compensation times Credited Service.

Early Retirement:

Eligibility: Age 50 and 10 Years of Credited Service.
Benefit: Accrued benefit, reduced 3% per year.

Vesting:

Schedule: 100% after 10 years of Credited Service.
Benefit Amount: Member will receive the vested portion of his/her accrued benefit payable at the other normal retirement date.

NOTE 7 PENSION (CONTINUED)

GASB 67 – Financial Reporting For Pension Plans (Continued)

Firefighters’ Retirement Trust Fund (Continued)

Disability:

Eligibility:

Service Incurred: Covered from Date of Employment.

Non-Service Incurred: 10 years of Credited Service.

Benefit:

Benefit accrued to date of disability but not less than 42% of Average Final Compensation (Service Incurred).

Pre-Retirement Death Benefits:

Vested:

Monthly accrued benefit payable to designated beneficiary for 10 years.

Non-Vested:

Refund of accumulated contributions, without interest.

Cost-of-Living Adjustment:

3% increase each January from age 55 through age 65.

Investments

Investment Policy:

The following is the Board’s adopted asset allocation policy as of September 30, 2014:

Asset Class	Target Allocation
Domestic Equity	45%
International Equity	15%
Domestic Fixed Income	35%
Global Fixed Income	5%
	100%

Concentrations:

The plan does not hold investments in any one organization that represent 5% or more of the Pension Plan’s fiduciary net position.

Rate of return:

For the year ended September 30, 2014, the annual money-weighted rate of return on Pension Plan investments, net of pension plan investment expense, was 9.91%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for changing amount actually invested.

Deferred Retirement Option Program

Deferred Retirement Option Program

Eligibility:	Satisfaction of Normal Retirement requirements.
Participation:	Not to exceed the earlier of 60 months or the completion of 30 years of service with the City as a firefighter.
Rate of Return:	At members election: either 6.5% or Net Investment Return.

The DROP balance as of September 30, 2014 was \$404,081.

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of October 1, 2013 updated to September 30, 2014 using the following actuarial assumptions applied to all measurement periods:

Inflation	3.00%
Salary Increases	6.50%
Investment Rate of Return	7.75%

The actuarial assumptions used in the October 1, 2013 valuation were based on the results of an actuarial experience study for the period 1991-2011.

The long-term expected rate of return on pension plan investment was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan’s target asset allocation as of September 30, 2014 are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	7.50%
International Equity	8.50%
Domestic Fixed Income	2.50%
Global Fixed Income	3.50%

NOTE 7 PENSION (CONTINUED)

GASB 67 – Financial Reporting For Pension Plans (Continued)

Firefighters’ Retirement Trust Fund (Continued)

Discount Rate:

The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that all member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability. The table below shows the sensitivity of the net pension liability to the changes in the discount rate:

	1% Decrease 6.75%	Current Discount Rate 7.75%	1% Increase 8.75%
Sponsor's Net Pension Liability	\$ 1,975,582	\$ 1,133,296	\$ 502,113

Police Retirement Chapter 185

The DROP balance as of September 30, 2014 was \$0.

Actuarial Assumptions:

The total pension liability was determined by an actuarial valuation as of October 1, 2013 updated to September 30, 2014 using the following actuarial assumptions applied to all measurement periods:

Inflation	3.00%
Salary Increases	5.20%-8.00%
Investment Rate of Return	7.75%

The actuarial assumptions used in the October 1, 2013 valuation were based on the results of an actuarial experience study for the period 2003-2011.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 7 PENSION (CONTINUED)

Police Retirement Chapter 185 (Continued)

The long-term expected rate of return on pension plan investment was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2014 are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return
Domestic Equity	7.50%
International Equity	8.50%
REITS	2.50%
Inflation Hedge	2.50%
Fixed Income	2.50%

Discount Rate:

The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that all member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

The table below shows the sensitivity of the net pension liability (asset) to the changes in the discount rate:

	1% Decrease 6.50%	Current Discount Rate 7.50%	1% Increase 8.50%
Sponsor's Net Pension Liability (Asset)	\$ (79,407)	\$ (680,556)	\$ (1,172,739)

For more information pertaining to the Firefighters' Retirement Plan and the Police Retirement Plan refer to the City of Brooksville, Florida's stand-alone financial statements for each plan, which can be obtained by contacting the City of Brooksville, Finance Department, 201 Howell Avenue, Brooksville, Florida 34601-2041.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 8 TRUST FUNDS

Health Reimbursement Account (HRA) Fund

Effective October 1, 2008, the City established an HRA Fund in the Trust and Agency Funds in order to pay the annual HRA reimbursement to eligible employees. The annual maximum reimbursement is \$500 for each eligible employee; however, the employee must provide receipts of out-of-pocket medical expenses in order to receive reimbursement. The City has been providing an HRA benefit for a number of years; however, the HRA benefit was charged to an expense account in each Department. Based on the 2013-2014 budget, monies are being transferred from each Department to the HRA Fund to reimburse employees directly out of the HRA Fund. In 2013-2014, the City Funds transferred \$31,251 to the HRA Fund and the HRA Fund paid out to employees \$49,046.

Butterweck Bond Fund

This Fund is used for the future maintenance of the Butterweck Crypt of the Brooksville Cemetery. As of September 30, 2014, the balance remaining is \$2,237.

NOTE 9 PROPERTY TAXES

Property tax collections, sales, and liens are governed by Chapter 197 of the Florida Statutes.

All property taxes are levied and become due and payable on November 1 of each year, and are delinquent on April 1 of the following year. Discounts are allowed for early payment of 4%, 3%, 2% and 1% in November through February, respectively. Delinquent taxes on real property may be paid after the date of delinquency but prior to the sale of a tax certificate by paying all taxes, costs, advertising charges, and interest of 18% per annum. For all real property with delinquent taxes, the Tax Collector advertises as required by Statute and sells tax certificates. All unsold certificates are issued to the County.

Any persons owning real property upon which a tax certificate has been sold may redeem the property by paying the Tax Collector the face amount of the tax certificate plus interest and costs associated with the sale of the certificate. After taxes have been delinquent (April 1) for two years, the owner of a tax certificate may file an application for tax deed sale. The County is able to do the same two years after taxes were due (November 1). All taxes imposed on any property become a first lien, superior to all other liens, as of January 1, of the year the taxes are levied.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 10 RESTRICTED NET POSITION

As of September 30, 2014, restricted assets in the enterprise funds were held for the following purposes:

Utility Fund:	
Capital Improvement Reserves	\$ 4,212,512
Debt Retirement	1,180,214
Total Utility Fund	<u>\$ 5,392,726</u>

NOTE 11 RISK MANAGEMENT

The City's risk management activities are spread through several funds including the General, Utility, and Sanitation funds. Significant losses are covered by commercial insurance, workers' compensation, unemployment, and disability insurance. Settlement amounts have not exceeded insurance coverage for the current year or prior three years. The City carries such insurance as is ordinarily carried by private or public corporations owning and operating similar utilities. The City, in addition to general liability and personal liability for auto accidents and property damage of autos, buildings and equipment, carries an umbrella policy for an additional \$1,000,000. The City does not carry insurance against loss or damage to the Utility Fund's water meters, fire hydrants or water and sewer lines, but self-funds these expenses.

NOTE 12 IMPACT FEES

On September 20, 2005 the Hernando County Board of County Commissioners voted to extend the prepayment of impact fees from one to three years. County property owners were allowed to prepay their impact fees prior to an increase on July 5, 2005. County property owners who prepaid impact fees were given until June 2, 2008 to obtain a building permit. If a building permit was not pulled by June 2, 2008, the increased impact fees would be charged. Subsequently, the Hernando County Board of Commissioners extended the prepaid program through June 2012. Through Interlocal Agreement, the City opted to assess the same impact fees for roads, public buildings, police, fire, parks, and schools as Hernando County. The City stopped collecting Impact Fees effective November 2011. As of September 30, 2014, the City had the following in prepaid impact fees: Road Impact Fees \$4,779, Public Building Impact Fees \$525; Police Impact Fees \$341; Fire Impact Fees \$229; and Parks Impact Fees \$318. The amounts are reflected as unearned revenues in the accompanying financial statements.

NOTE 13 INTERNAL SERVICE FUNDS

The three Internal Service Funds are used for two purposes: maintenance and replacement. The Fleet Maintenance Fund provides maintenance and repairs to the City's vehicles and equipment. The Vehicle Replacement Fund and the Equipment Replacement Fund are used to accumulate funds in advance for the purchase of vehicles and equipment.

**CITY OF BROOKSVILLE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 13 INTERNAL SERVICE FUNDS (CONTINUED)

The Vehicle Replacement Fund sets aside cash to purchase a portion of the City's future vehicles. These vehicles are also depreciated within this Fund. The Equipment Replacement Fund reserves cash to purchase equipment for the four General Fund departments or divisions which are Cemetery, Parks, Streets, and the Quarry Golf Course. As of September 30, 2014, the reserves for Fleet Maintenance, Vehicle Replacement and Equipment Replacement Funds were \$35,163, \$1,291,885 and \$6,027, respectively. If necessary, the annual payments for services transfers are adjusted to maintain adequate, but not excessive cash reserves in the Fleet Maintenance Fund.

The maintenance and replacement schedule is allocated among the City as follows:

	Fleet Maintenance	Vehicle Replacement	Equipment Replacement	Total
General Fund	\$ 21,486	\$ 542,958	\$ 6,027	\$ 570,471
Utility Fund	6,330	148,673	-	155,003
Sanitation Fund	7,347	600,254	-	607,601
Total	<u>\$ 35,163</u>	<u>\$ 1,291,885</u>	<u>\$ 6,027</u>	<u>\$ 1,333,075</u>

The Utility and Sanitation Funds began participating in the Vehicle Replacement Program during the fiscal year ended September 30, 2004.

The maintenance and replacement schedule is allocated among the following General Fund departments:

	Fleet Maintenance	Vehicle Replacement	Equipment Replacement	Total
Administration and Finance	\$ 284	\$ 39,004	\$ -	\$ 39,288
Police	4,321	(2,551)	-	1,770
Fire	1,957	438,168	-	440,125

NOTE 14 COMMITMENTS AND CONTINGENCIES

Commitments

The City routinely enters into various construction commitments. At September 30, 2014, the City had the following outstanding major construction commitments in process:

Project	Project Authorization	Expended in Prior Years	Expended in September 30, 2014	Commitment
Governmental Activities:				
EPA Brownsfield Assessment Grant	\$ 400,000	\$ 77,082	\$ 147,941	\$ 174,977
Paving Management Projects				
Brooksville Ave	214,049	-	5,848	208,201
Veterans Ave.	415,584	-	23,882	391,702
Chatman Blvd.	113,109	-	8,155	104,954
Daniel Ave.	54,117	-	5,986	48,131
Bell Ave.	71,529	-	9,271	62,258
Mildred Ave.	536,352	-	19,882	516,470
Hammock Rd.	786,000	-	9,229	776,771
Downtown Sidewalks	17,900	-	7,000	10,900
CRA Development Projects				
Wayfinding Signage Project	44,750	17,146	40,275	(12,671)
Downtown Beautiful Project	30,000	-	14,999	15,001
Professional Consulting	35,000	28,642	-	6,358
Total Governmental Activities	<u>\$ 2,718,390</u>	<u>\$ 122,870</u>	<u>\$ 292,468</u>	<u>\$ 2,303,052</u>
Business-Type Activities:				
Utility Projects				
New Well Field Northwest	\$ 2,850,000	\$ 620,941	\$ -	\$ 2,229,059
Sewer System Rehab	12,500,000	1,650,925	33,642	10,815,433
Oversizing Water Extension	1,250,759	-	42,503	1,208,256
Total Business-Type Activities	<u>\$ 16,600,759</u>	<u>\$ 2,271,866</u>	<u>\$ 76,145</u>	<u>\$ 14,252,748</u>

Contingencies

Various suits and claims, arising in the ordinary course of the City's operations, are pending. These claims consist of suits involving sewer fees, loss of employment and discrimination. Except as noted below, management does not expect the resolution of these matters to have a material effect on the City's financial statements.

NOTE 14 COMMITMENTS AND CONTINGENCIES (CONTINUED)

Contingencies (Continued)

Sather v. City of Brooksville and American Traffic Solutions. LLC

The City was served with a Class Action complaint on November 16, 2009 which was brought by a vehicle owner who received a Florida Uniform Traffic Citation on September 19, 2009 for his violation of City of Brooksville Code of Ordinances No. 758.

Attorneys from Public Risk Management are defending the City in regard to this matter. Public Risk Management (PRM) is the City's public entity pool for property, casualty and workers' compensation coverage. This civil lawsuit is currently pending in the Hernando County Circuit Court. PRM has stated they have a duty to defend this claim. However, PRM has reserved their rights as to coverage defenses to certain counts of the complaint. The PRM Coverage document has exclusion against the Member gaining in fact any personal profit or advantage to which they are not legally entitled including remuneration paid in violation of law as determined by the Courts.

NOTE 15 GOVERNMENTAL FUND BALANCE CLASSIFICATION

Certain funds reported as special revenue funds in the prior year did not meet the criteria, as defined in GASB Statement No. 54, for treatment as special revenue funds. These funds have been incorporated into the general fund for financial reporting purposes.

As a result of this the City's governmental fund balances as of September 30, 2014 were classified as follows:

	Major Funds					Total Governmental Funds
	City of Brooksville Community Redevelopment Agency	Traffic Camera Fund	Fire Department Fund	Nonmajor Governmental Funds	General Fund	
Nonspendable:						
Inventories	\$ 1,925	\$ -	\$ -	\$ -	\$ -	\$ 1,925

Notes to Schedule:

Valuation Date: 10/1/2012

Actuarially determined contributions rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rate:

Funding Method: Entry Age Normal Actuarial Cost.

Amortization Method: Level Percentage of Pay, closed.

Remaining Amortization Period: 30 Years (As of 10/1/2012).

Actuarial Asset Method: Each year, the prior actuarial value of assets is brought forward utilizing the historical geometric four-year average market value return (net of fees). It is possible that over time this technique will produce an insignificant bias above or below market value of assets.

Inflation: 3.0% per year.

Salary Increases: 6.5% per year until retirement age. Final salary in year of retirement is increased 20% (individual in AIS) to account for additional non-regular compensation.

Interest Rate: 7.75% per year, compounded annually.

Payroll Increase: Up to 3% per year, (2.87% for 10/1/12 valuation).

Cost of Living Adjustments: 3% per year, from age 55 to 65.

Retirement Age: Earlier of age 55 and the completion of 10 years of service, or the completion of 20 years of service regardless of age, or age 60 regardless of service. Also, any member who has reached Normal Retirement is assumed to continue employment for one additional year.

Early Retirement: Commencing upon a member's eligibility for early retirement (age 50 with years of credited service), members are assumed to retire with an immediate subsidized benefit at the rate of 5% per year.

Termination Rates: See table below.

Disability Rates: See table below. It is assumed that 75% of disablements and active member deaths are service related.

Mortality: RP2000 Combined Healthy (sex distinct.) Disableds set forward 5 years. Based on a study of over 650 public safety funds, this table reflects a 10% margin for future mortality improvements.

Other Information: Termination and Disability Rate Table:

Age	% Terminating	% Becoming Disabled
20	12.00%	0.03%
30	10.00%	0.04%
40	5.20%	0.07%
50	1.60%	0.18%

Funding Method: Aggregate Actuarial Cost Method

Amortization Method: Level Percentage of Pay, Closed.

Actuarial Asset Method: Each year, the prior Actuarial Value of Assets is brought forward utilizing the historical geometric four-year average Market Value return (net of fees). It is possible that over time this technique will produce an insignificant bias above or below Market Value of Assets.

Inflation: 3.75% per year

Salary Increases: Final Average Salary is increased individually to account for additional non-regular compensation.

Year	1	2	3	4	5 & Up
	8.00%	7.00%	6.00%	5.50%	5.20%

Interest Rate: 7.5% per year, compounded annually, gross of investment related expenses.

Cost of Living Adjustment: 3.0% per year from age 55 to 65, for normal and early retirees only.

Retirement Rates: If member has less than 20 years of service, the rates are 15% from ages 50-54, and 100% at age 55.

Age	51	52	53	54	55
Hired after age 35	15%	15%	15%	15%	100%
Hired at 34	15%	15%	15%	40%	100%
Hired at 33	15%	15%	40%	15%	100%
Hired at 32	15%	40%	15%	15%	100%
Hired Before 32	20%	20%	100%		

Termination Rates:

Select Rates:

Year	1	3	5	7	9
Male	15.0%	8.5%	6.0%	5.2%	4.3%
Female	10.0%	8.5%	7.0%	5.7%	4.7%

**CITY OF BROOKSVILLE, FLORIDA
POLICE OFFICERS' RETIREMENT TRUST FUND
SCHEDULE OF CONTRIBUTIONS (CONTINUED)
SEPTEMBER 30, 2014**

Notes to Schedule:

Termination Benefit

Assumptions:

Vested participants are assumed to elect a deferred benefit, except that participants that are under age 40 or have less than 15 years of service are assumed to elect a refund of contributions with interest.

Disability Rates:

It is assumed that 75% of disablements are service related.

Age	25	35	45	55
Male	0.07%	0.12%	0.46%	1.00%
Female	4.00%	0.12%	0.43%	0.84%

In-Line-Of-Duty Death:

75% of all deaths are assumed to be in the line of duty.

Mortality:

RP 2000 Combined Healthy Mortality Table (without projection). Disabled lives are set forward 5 years. Based on a study of over 650 public safety funds, this table reflects a 10% margin for future mortality improvements.

CITY OF BROOKSVILLE, FLORIDA
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
SEPTEMBER 30, 2014

NOTE 1 GENERAL

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal programs for the City of Brooksville. The City reporting entity is defined in Note 1 to the City's basic financial statements for the year ended September 30, 2014.

NOTE 2 BASIS OF ACCOUNTING

The accompanying schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting, which is described in Note 1 to the City's basic financial statements for the year ended September 30, 2014.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

City Council
City of Brooksville, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Brooksville, Florida, as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise City of Brooksville, Florida's basic financial statements, and have issued our report thereon dated April 29, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Brooksville, Florida's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Brooksville, Florida's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Brooksville, Florida's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

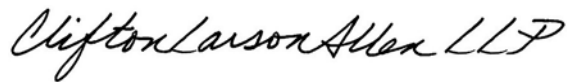

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Brooksville, Florida's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CliftonLarsonAllen LLP

Lakeland, Florida
April 29, 2015

MANAGEMENT LETTER

City Council
City of Brooksville, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Brooksville, Florida, (the “City”) as of and for the fiscal year ended September 30, 2014, and have issued our report thereon dated April 29, 2015.

Auditor’s Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor’s Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated April 29, 2015, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Refer to Appendix A for schedule of prior years findings.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. See Note 1 to the financial statements.

Financial Condition

Section 10.554(1)(i)5.a., Rules of the Auditor General, requires that we report the results of our determination as to whether or not The City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In

connection with our audit, we determined that The City did not meet any of the conditions described in Section 218.503(1), Florida Statutes. Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor The City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Annual Financial Report

Section 10.554(1)(i)5.b., Rules of the Auditor General, requires that we report the results of our determination as to whether the annual financial report for The City for the fiscal year ended September 30, 2014, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2014. In connection with our audit, we determined that these two reports were in agreement.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such findings.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the City Council, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT

City Council
City of Brooksville, Florida
Brooksville, Florida

We have examined the City of Brooksville, Florida, compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2014. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2014.

This report is intended solely for the information and use of the City and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.
