**ADDENDUM #1**  
**Date Issued – January 14, 2019**

\*\*\*\*\*

TO: All prospective proposers:

This addendum is being issued to clarify or address the following:

**Question:** Is a firm allowed to go after one particular scope of service or does a single firm need to provide all of the services?

**Question:** I wonder if we are permitted to submit on our own versus being subs to a Civil Engineering prime?

**Question:** Is the City looking for one firm to provide the services listed in the scope, or if a firm could submit based on their specific qualifications?

**Question:** Are all aspects of the scope of work required from one consultant? Can we submit a response for individual scope of work?

**Answer:** A firm is allowed to submit for less than all the services requested. If a firm is submitting for less than all the requested services, the submission should be specific as to the services the firm is willing/qualified to perform. The City is looking for multiple firms to perform these services.

Acknowledge receipt of the Addendum #1 by signing the document and attaching to Proposal Documents submitted. Failure to do so may subject the proposer to disqualification.
